

AQUA MARBOSHINE™

(Marble Polish Powder)

Aqua Marboshine is a marble polish powder. When stone becomes dull & scratched, it obviously loses its shine & luster. At this time the stone needs to be refinished and polished to restore its original shine. To fulfill this requirement, we offer Aqua Marboshine powder which provides high shine.

WHERE TO USE: Aqua Marboshine can be used on all marble and granite surfaces at places such as houses, schools, universities, temples, hotels, restaurants, retail stores, malls, office buildings and lobby areas.

HOW TO USE: Spread a small quantity of polish powder on the floor and add some water. By using red disc pad on a normal rotary machine, make a cream like consistency and work until the gloss comes out. Add some powder and water from time to time. At the end of the work, carefully wash with water by using a white disc pad.

ADVANTAGES:

- It gives excellent shiny surface.
- Suitable for green, black and white marble.
- Restores gloss.
- Fast drying.
- Easy to use.

PRECAUTION: Keep out of the reach of children. In case of contact with eyes, rinse immediately with plenty of water. If irritation persists, seek medical advice.

SHELF LIFE:	PACKAGING:
Up to 24 months when stored in the original sealed container.	5 & 10Kg Bucket.
