

AQUA WETLOOK™

(Stone Wet Look Finish)

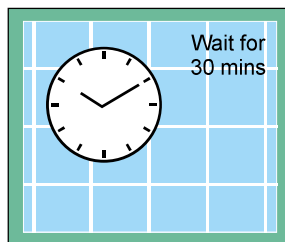

Aqua Wetlook is an environmentally superior, water based sealer specially formulated to give the surface a wet look appearance. It can be used on interior and exterior surfaces. It is non-yellowing formula that protects against organic stains.

WHERE TO USE: It can be used on vertical or horizontal, interior or exterior surfaces such as pavers, concrete, brick, aggregates, natural and artificial stone.

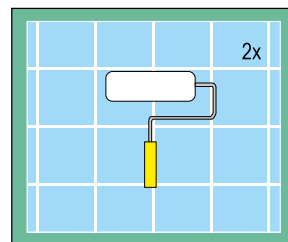

HOW TO USE: Do not dilute. Ready to use. Apply an even, continuous coat of Aqua Wetlook on a clean, dry surface with a large flat paintbrush, applicator or roller. Wait for 24 hours and then apply a second coat using the same method. For particularly porous materials, a third coat may be needed to achieve the desired wet look effect.
